OGGETTO: REGOLAMENTO REACH

In riferimento al regolamento Reach CE 1907/2006 in materia di Registrazione, Valutazione e Autorizzazione delle sostanze chimiche (REACH in vigore dal 1° Giugno 2007 e successive modifiche), Vi informiamo che la società AMBROSETTI SRL non è né produttore né importatore diretto di tali sostanze e quindi non ha alcun obbligo ad ottemperare al regolamento stesso.

In ogni caso, il ciclo di produzione dei propri articoli avviene nel rispetto delle disposizioni riguardanti l'assenza o i limiti delle presenze delle sostanze chimiche candidate all'autorizzazione (SVCH) prevista dal regolamento REACH (CE 1907/2006).

Tale dichiarazione si basa sulla documentazione ottenute dei nostri fornitori di materie prime, trattamenti galvanici e componenti e da analisi su prodotti finiti.

La ditta AMBROSETTI SRL si impegna a tenersi aggiornata sui cambiamenti della lista delle sostanze SVCH (CE 1907/2006) e informare i propri clienti se i prodotti ordinati contenessero sostanze del nuovo aggiornamento.

Cordiali saluti,

AMBROSETTI SRL

OBJET: REACH-Communication aux clients pour l'application du règlement CE 1907/2006.

Cher client,

Nous vous informons que notre activité est définie suivant le règlement REACH n. 1907/2006 laquelle activité de DU – Downstream User (Utilisateur en aval), en tant que simple utilisateur des substances et préparations acquises chez nos fournisseurs établis à l'intérieur de l'union européenne.

Les articles que nous fournissons ne présentent pas de substances nocives dans les conditions d'utilisations raisonnablement prévues, c'est la raison pour laquelle ils ne rentrent pas dans le champ d'application du REACH. Notre activité figure donc dans l'activité de fabrication et/ou importation de substances et préparations extra UE (art.3-Reg.1907/06).

Le règlement, pour les produits de notre compétence, est régulièrement analysé et appliqué dans notre société ; il est de notre devoir de demander à nos fournisseurs, dans la chaîne d'approvisionnement en amont de leur demander une vérification du pré enregistrement, enregistrement, autorisation et prédisposition des scénarios d'exposition et des fiches de sécurité, tel que le prévoit les articles 6.31.55 du règlement dont il est l'objet.

Nous restons à votre disposition,
Salutations distinguées.

AMBROSETTI SRL

REACH APPLICATION – EU REGULATION NR. 1907/2006

Dear Sirs,

Reach is the Regulation for Registration, Evaluation, Authorization, and Restriction of Chemicals and it entered into force on 1st June 2007.

This Regulation places greater responsibility on all manufacturers and importers of chemicals: they must identify and manage risks linked to the substances produced or imported of 1 ton or more per year per company.

Manufactures and importers are obliged to demonstrate that they have appropriately done it so by means of a registration dossier to be submitted to the European Chemicals Agency in Helsinki, and make a pre-registration between 1st June 2008 and 1st December 2008.

Our company produces eyelets, washers and doesn't manufacture or import Chemicals.

Due to this, we confirm that we are not obliged to make neither a registration nor a pre-registration of the a/m substances.

Anyway we confirm that we have already asked to all our suppliers of raw materials some appropriate information about their acting on this matter.

AMBROSETTI SRL guarantees that its products don't contain dangerous chemical substances causing a risk for human health in relation to Reach Regulation.

In any case, we'll go on using the navigator to find out it the up-to-dated CANDIDATE LIST (http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp) for the totally safety of our customers and final users.

We remain at your disposal for any further information you may need and we thank you in advance for your co-operation.

Yours faithfully.

AMBROSETTI SRL
